**Bureau of Educational and Cultural Affairs (ECA) Request
for Grant Proposals: Study of the United States Institutes
for Student Leaders on U.S. History and Government**

Announcement Type: New Cooperative Agreement

Funding Opportunity Number: ECA/A/E/USS-12-21

Catalog of Federal Domestic Assistance Number: 19.009

Key Dates: July-August, 2012 AND January-February, 2013

Application Deadline: January 13, 2012

Executive Summary: The Branch for the Study of the United States, Office of Academic Exchange Programs, Bureau of Educational and Cultural Affairs (ECA), invites proposal submissions for the design and implementation of six (6) Study of the U.S. Institutes for Student Leaders on U.S. History and Government, pending the availability of funds. Participants will be drawn from countries throughout Central and South America and the Caribbean. Three institutes will be conducted entirely in Spanish, and the remaining three in English. Each academic institute will

be five weeks in duration, including a one-week integrated study tour.

I. Funding Opportunity Description:

I. 1. Authority:

Overall grant making authority for this program is contained in the Mutual Educational and Cultural Exchange Act of 1961, Public Law 87-256, as amended, also known as the Fulbright-Hays Act. The purpose of the Act is "to enable the Government of the United States to increase mutual understanding between the people of the United States and the people of other countries...; to strengthen the ties which unite us with other nations by demonstrating the educational and cultural interests, developments, and achievements of the people of the United States and other nations...and thus to assist in the development of friendly, sympathetic and peaceful relations between the United States and the other countries of the world." The funding authority for the program above is provided through legislation.

I. 2. Purpose and Overview:

The Study of the U.S. Institutes for Student Leaders on U.S. History and Government are intensive academic programs whose purpose is to provide groups of undergraduate students from the Western Hemisphere with a deeper understanding of the United States.

The principal objective of the Institutes is to enhance participants' knowledge of U.S. history, government, institutions, society, and culture. In this context, the Institutes should incorporate a focus on American historical events as well as contemporary American life including current political, social, and economic debates. The role and influence of principles and values such as democracy, the rule of law, individual rights, freedom of expression, equality, and diversity and tolerance should be addressed.

All Institutes should take place at U.S. academic institutions whose interpretation of U.S. history, government, institutions, society, and culture could be presented through the lens of their location, academic mission, and expertise. The Institutes should address

topics such as: civil rights, minority rights, politics, religion, economics, and U.S. relations with Latin America.

In addition to promoting a better understanding of the United States and of U.S. history and government, an important objective of the Institutes is to develop the participants' leadership skills. In this context, the academic programs should include seminars, workshops, and activities that focus on topics such as leadership, teambuilding, collective problem solving skills, effective communication, and management skills. The Institutes should include a community service component, in which the students experience civic engagement as a core American value firsthand.

Throughout the course of the Institutes, participants should have ample opportunities to interact with Americans. Such interactions could take place in the classroom, dormitories, local community, or a home-stay experience. In addition to exposing the participants to various aspects of American life and culture, these activities should aim to allow the participants to share their culture and experiences with Americans.

This award will support up to 120 undergraduate participants. Three institutes for twenty participants each will take place in summer 2012 while an additional three institutes will take place in winter 2013. Please refer to the Project Objectives, Goals, and Implementation (POGI) document for programmatic details.

Please note: This award will be in the form of a Cooperative Agreement. In a Cooperative Agreement, ECA is substantially involved in the management and oversight of the Institutes.

III. Eligibility Information:

III.1 Eligible applicants:

ECA is seeking detailed proposals from accredited post-secondary U.S. institutions (community colleges, liberal arts colleges, public and private universities), consortia of organizations, and/or from public and private non-profit organizations meeting the eligibility requirements outlined below.

ECA intends to issue one award and is seeking proposals from organizations with the ability to administer, support, and oversee the six academic Institutes. Recipients may be public or private organizations that provide sub-awards to

up to six institutions of higher education to implement the institutes. Or, higher education institutions may apply to administer and implement the institutes working with branch campuses, other colleges in a consortium, or partnering with any other institution of higher education.

Institutions of higher education may host **no more than one** institute at a time (for up to 20 students), but may host up to two institutes under this award (e.g. a summer and a winter institute).

The recipient will serve as the lead organization and will be responsible for the oversight of all six institutes and must appoint a project director who will be the main point of contact and liaison with ECA.

Applications may be submitted by public and private non-profit organizations meeting the provisions described in Internal Revenue Code section 26 USC 501(c)(3).

An applicant organization is defined by the DUNS number of the organization and by the signature of the authorized

representative contained on the "Application for Federal Assistance Form" (SF-424) submitted under this competition.

III.2 Cost Sharing or Matching Funds:

There is no minimum or maximum percentage required for this competition. However, ECA encourages applicants to provide maximum levels of cost sharing and funding in support of its programs. When cost sharing is offered, it is understood and agreed that the applicant must provide the amount of cost sharing as stipulated in its proposal and later included in an approved agreement. Cost sharing may be in the form of allowable direct or indirect costs. For accountability, the recipient must maintain written records to support all costs that are claimed as a contribution, as well as costs to be paid by the Federal government. Such records are subject to audit. The basis for determining the value of cash and in-kind contributions must be in accordance with OMB Circular A-110, (Revised), Subpart C.23 - Cost Sharing and Matching. In the event the recipient institution does not provide the minimum amount of cost sharing as stipulated in the approved budget, ECA's contribution will be reduced in like proportion.

III.3 Other Eligibility Requirements:

Grants awarded to eligible organizations with less than four years of experience in conducting international exchange programs will be limited to \$60,000. ECA anticipates that the award under this competition will be up to \$1,440,000. Therefore, organizations with less than four years experience in conducting international exchanges are ineligible to apply under this competition. ECA encourages applicants to provide maximum levels of cost sharing and funding in support of its programs.

All applicants are strongly encouraged to read this RFGP thoroughly, prior to developing and submitting a proposal, to ensure that proposed activities are appropriate and responsive to the goals, objectives, and criteria outlined in the solicitation.

IV. Application and Submission Information:

Note: Please read the complete announcement before sending inquiries or submitting proposals. Once the RFGP deadline has passed, ECA staff may not discuss this competition with applicants until the proposal review process has been completed. If you have any questions prior to the deadline stated on the RFGP, please address your questions to José Marrero at MarreroJA@state.gov or (202) 632-3337.

IV.3. Content and Form of Submission:

Applicants must follow all instructions in the Solicitation Package. The application should be submitted per the

instructions under section IV.6 Application Deadline and Methods of Submission, indicated below.

IV.3a. You are required to have a Dun and Bradstreet Data Universal Numbering System (DUNS) number to apply for a grant or cooperative agreement from the U.S. Government. This number is a nine-digit identification number, which uniquely identifies business entities. Obtaining a DUNS number is easy and there is no charge. To obtain a DUNS number, access <http://www.dunandbradstreet.com> or call 1-866-705-5711. Please ensure that your DUNS number is included in the appropriate box of the SF - 424 which is part of the formal application package.

IV.3b. All proposals must contain an executive summary, proposal narrative, and budget.

Please Refer to the Solicitation Package. It contains the mandatory Proposal Submission Instructions (PSI) document and the Project Objectives, Goals, and Implementation (POGI) document for additional formatting and technical requirements.

IV.3c. All federal award recipients must maintain current registrations in the Central Contractor Registration (CCR) database. Recipients must maintain accurate and up-to-date information in the CCR until all program and financial activity and reporting have been completed. Recipients must review and update the information at least annually after the initial registration and more frequently if required information changes or another award is granted. Failure to register in the CCR will render applicants ineligible to receive funding.

You must have nonprofit status with the IRS at the time of application. **Please note:** Effective January 7, 2009, all applicants for ECA federal assistance awards must include in their application the names of directors and/or senior executives (current officers, trustees, and key employees, regardless of amount of compensation). In fulfilling this requirement, applicants must submit information in one of the following ways:

- 1) Those who file Internal Revenue Service Form 990, "Return of Organization Exempt From Income Tax," must

include a copy of relevant portions of this form.

- 2) Those who do not file IRS Form 990 must submit information above in the format of their choice.

In addition to final program reporting requirements, award recipients will also be required to submit a one-page document, derived from their program reports, listing and describing their grant activities. For award recipients, the names of directors and/or senior executives (current officers, trustees, and key employees), as well as the one-page description of grant activities, will be transmitted by the State Department to OMB, along with other information required by the Federal Funding Accountability and Transparency Act (FFATA), and will be made available to the public by the Office of Management and Budget on its USASpending.gov website as part of ECA's FFATA reporting requirements.

If your organization is a private nonprofit which has not received a grant or cooperative agreement from ECA in the past three years, or if your organization received nonprofit status from the IRS within the past four years,

you must submit the necessary documentation to verify nonprofit status as directed in the PSI document. Failure to do so will cause your proposal to be declared technically ineligible.

IV.3d. Please take into consideration the following information when preparing your proposal narrative:

IV.3d.1 ADHERENCE TO ALL REGULATIONS GOVERNING THE J VISA

The Bureau of Educational and Cultural Affairs places critically important emphases on the security and proper administration of the Exchange Visitor (J visa) Programs and adherence by award recipients and sponsors to all regulations governing the J visa. Therefore, proposals should demonstrate the applicant's capacity to meet all requirements governing the administration of the Exchange Visitor Programs as set forth in 22 CFR 62, including the oversight of Responsible Officers and Alternate Responsible Officers, screening and selection of program participants, provision of pre-arrival information and orientation to participants, monitoring of participants, proper maintenance and security of forms, record-keeping, reporting, and other requirements.

ECA prefers that the award recipient issue DS-2019 forms to participants in this program.

A copy of the complete regulations governing the administration of Exchange Visitor (J) programs is available at <http://exchanges.state.gov> or from:

Department of State

Please refer to Solicitation Package for further information.

IV.3d.2 Diversity, Freedom, and Democracy Guidelines

Pursuant to ECA's authorizing legislation, programs must maintain a non-political character and should be balanced and representative of the diversity of American political, social, and cultural life. "Diversity" should be

interpreted in the broadest sense and encompass differences including, but not limited to ethnicity, race, gender, religion, geographic location, socio-economic status, and disabilities. Applicants are strongly encouraged to adhere to the advancement of this principle both in program administration and in program content. Please refer to the review criteria under the 'Support for Diversity' section for specific suggestions on incorporating diversity into your proposal. Public Law 104-319 provides that "in carrying out programs of educational and cultural exchange in countries whose people do not fully enjoy freedom and democracy," ECA "shall take appropriate steps to provide opportunities for participation in such programs to human rights and democracy leaders of such countries." Public Law 106 - 113 requires that the governments of the countries described above do not have inappropriate influence in the selection process. Proposals should reflect advancement of these goals in their program contents, to the full extent deemed feasible.

IV.3d.3 Program Monitoring and Evaluation

Proposals must include a plan to monitor and evaluate the project's success, both as the activities unfold and at the

end of the program. ECA recommends that proposals include a draft survey questionnaire or other technique plus a description of a methodology used to link outcomes to original project objectives. ECA expects that the recipient organization will track participants or partners and be able to respond to key evaluation questions, including satisfaction with the program, learning as a result of the program, changes in behavior as a result of the program, and effects of the program on institutions (institutions in which participants work or partner institutions). The evaluation plan should include indicators that measure gains in mutual understanding as well as substantive knowledge.

Successful monitoring and evaluation depend heavily on setting clear goals and outcomes at the outset of a program. An evaluation plan should include a description of project's objectives, anticipated project outcomes, and how and when outcomes will be measured (performance indicators). The more that outcomes are "smart" (specific, measurable, attainable, results-oriented, and placed in a reasonable time frame), the easier it will be to conduct the evaluation. Applicants should also show how project

objectives link to the goals of the program described in this RFGP.

Monitoring and evaluation plans should clearly distinguish between program outputs and outcomes. Outputs are products and services delivered, often stated as an amount. Output information is important to show the scope or size of project activities, but it cannot substitute for information about progress towards outcomes or the results achieved. Examples of outputs include the number of people trained or the number of seminars conducted. Outcomes, in contrast, represent specific results a project is intended to achieve and is usually measured as an extent of change. Findings on outputs and outcomes should both be reported, but the focus should be on outcomes.

We encourage applicants to assess the following four levels of outcomes, as they relate to the program goals set out in the RFGP (listed here in increasing order of importance):

1. **Participant satisfaction** with the program and exchange experience.

2. **Participant learning**, such as increased knowledge, aptitude, skills, and changed understanding and attitude. Learning includes both substantive (subject-specific) learning and mutual understanding.
3. **Participant behavior**, concrete actions to apply knowledge in work or community; greater participation and responsibility in civic organizations; interpretation and explanation of experiences and new knowledge gained; continued contacts between participants, community members, and others.
4. **Institutional changes**, such as increased collaboration and partnerships, policy reforms, new programming, and organizational improvements.

Please note: Consideration should be given to the appropriate timing of data collection for each level of outcome. For example, satisfaction is usually captured as a short-term outcome, whereas behavior and institutional changes are normally considered longer-term outcomes.

Overall, the quality of a monitoring and evaluation plan will be judged on how well it 1) specifies intended outcomes; 2) gives clear descriptions of how each outcome will be measured; 3) identifies when particular outcomes will be measured; and 4) provides a clear description of the data collection strategies for each outcome (i.e., surveys, interviews, or focus groups). (Please note that evaluation plans that deal only with the first level of outcomes [satisfaction] will be deemed less competitive under the present evaluation criteria.)

Recipients will be required to provide reports analyzing their evaluation findings to ECA in their regular program reports. All data collected, including survey responses and contact information, must be maintained for a minimum of three years and provided to ECA upon request.

IV.3e. Budget

IV.3e.1 Applicants must submit SF-424A - "Budget Information - Non-Construction Programs" along with a comprehensive budget for the entire program. There must be a summary budget as well as breakdowns reflecting both

administrative and program budgets. Applicants may provide separate sub-budgets for each program component, phase, location, or activity to provide clarification.

IV.3e.2 Allowable costs for the program include the following:

- 1) Institute staff salary and benefits
- 2) Participant housing and meals
- 3) Participant U.S. travel and per diem
- 4) Textbooks, educational materials, and admissions fees
- 5) Honoraria for guest speakers
- 6) Follow-on programming for alumni of Study of the United States programs.

IV.3g. Intergovernmental Review of Applications: Executive Order 12372 does not apply to this program.

V. Application Review Information

V.1. REVIEW PROCESS

Proposals may also be reviewed by the Office of the Legal Adviser or by other Department elements. Final funding decisions are at the discretion of the Department of State's Assistant Secretary for Educational and Cultural Affairs. Final technical authority for Cooperative Agreements resides with ECA's Grants Officer.
